MECHANISMS & ENGINE CARE
CUIDADO MECANISMOS & MOTORES

ZEN FUEL
Engine Lubricant & Fuel Additive
For maximum performance and protection of your engine. It prevents carbon deposits, reduces oil consumption and improves fuel economy.

SALT REMOVER
For removing salt deposits from engines, parts and components. It is biodegradable and safe for the environment.

DEGREASER ULTIMATE
Removes heavy grease, oil and dirt from all surfaces. It is biodegradable and safe for the environment.

BILGE CLEANER
Heavy duty degreaser for engine and bilge cleaning. It is biodegradable and safe for the environment.

ELIMINADOR DE SAL
Elimina los depósitos de sal del motor, partes y componentes. Es biodegradable y seguro para el medio ambiente.

DESINCROUSTANTES ULTIMATE
Limpia en profundidad el motor, partes y componentes. Es biodegradable y seguro para el medio ambiente.

LIMPIA CALAS
Previene la corrosión en el motor y partes. Mantiene limpias las calas y evita la acumulación de suciedad.

SINCE 1964
Our science, behind Engine & Boat Care
DESDE 1964
Nuestra ciencia detrás del cuidado del motor y del barco

Developed in our own research center in Barcelona.
Desarrollado en nuestro centro de Investigación en Barcelona.

Our formulas are effective and comply European regulation of Biodegradability.
Fórmulas eficaces y cumplen normativa Europea de Biodegradabilidad
