“Propspeed really adds something new to the industry, protecting your running gear and propellers and increasing fuel efficiency. To us, it’s a no-brainer. Why wouldn’t you use it?”

– Chris Ward, Paint Department Manager, Bay Ship & Yacht Co., California

ALL-IN-ONE PROTECTION

Defence against marine growth & corrosion for all underwater metal assets.

SUPERIOR ADHESION TO METAL

Strong long-lasting adhesion to metals that makes Propspeed unparalleled to other products on the market.

MULTI-SEASON

Long-lasting solution that, when applied and maintained correctly, protects underwater metals for 12-24 months.

BIOCIDE FREE

Foul-release, not antifoul. Foul-release coatings create a surface that’s tough for marine organisms to adhere to.

HIGH-PERFORMANCE SYSTEM

Specialised coating technology: the original and still the best foul-release system trusted globally for 21 years.
