

COLLE CTIONS

A CONTINUOUS EVOLUTION UN'EVOLUZIONE CONTINUA

It is in the essence of things. Evolution, transformation, evolution.

Light is part of these processes in a natural way.

We look, we perceive, we transform images into thoughts based on light and its infinite nuances, we then generate new ideas, thoughts, feelings.

Sea, together with light, is our passion. Being based in Viareggio, we learned about the arts of shipwrights, and we grew up with its shipyards leading Italian excellence in the construction and refit of superyachts worldwide.

Over thirty years collaborations and experiences with these key players gave us the ability to face foreign markets, and conquer the trust of shipyards, designers and lighting designers.

We look at the future investing in cutting-edge technologies and in the creativity of young people, always bench marking with international partners.

To keep evolving.

È nell'essenza delle cose. Evoluzione, trasformazione, evoluzione.

La luce è parte di tutti questi processi in modo naturale.

Le immagini si guardano, si recepiscono e si trasformano in pensieri, in base alla luce e alle sue infinite sfumature, generando nuove idee, pensieri, sentimenti.

Il mare, insieme alla luce, è la nostra passione. Essendo di base a Viareggio, abbiamo imparato le arti dei maestri d'ascia, e siamo cresciuti con i cantieri che hanno portato l'eccellenza italiana nella costruzione e refit di superyacht nel mondo.

Oltre trent'anni di collaborazioni ed esperienze con questi attori fondamentali ci hanno permesso di affrontare i mercati esteri, conquistando la fiducia di cantieri, designers e lighting designers.

Guardiamo al futuro investendo nelle tecnologie più avanzate e nella creatività dei giovani, nel confronto costante con partner internazionali.

Per continuare ad evolverci.

Alessandro Palagi

CUSTOM

We daily work with yacht interior and lighting designers, owners representatives and shipyards with their specific functional needs.

Customization is possible thanks to our R&D department and mechanical workshop with two CNC machines and a recently added 5 axis machinery.

Quality of light is probed with special equipment issuing lighting data strongly influencing the final effect in yacht interiors and exteriors.

Open to new cutting edge technologies and to listen to our discerning customers requirements: the way we are, the way we create bespoke yachts solutions.

Lavoriamo a stretto contatto con interior designers, lighting designers, rappresentanti degli armatori, cantieri, facendo della capacità di personalizzazione il nostro punto di forza.

Il nostro reparto di R&S, le macchine CNC tra cui una fresa a 5 assi e un multitasking, il sistema di controllo della qualità dei LED, sono elementi chiave per realizzare progetti personalizzati, che soddisfano esigenze tecniche e di design di alto livello.

Orgogliosi della nostra lunga esperienza, aperti alle innovazioni tecnologiche, attenti alle esigenze dei nostri clienti: questo è il nostro modo di essere, il modo con cui creiamo soluzioni su misura per l'illuminazione di yachts e ambienti residenziali.

*FARETTI DA INCASSO PER INTERNO
FISSI E ORIENTABILI*

During navigation, the spaces on board become home for those enjoying the experience at sea.

Lighting creates the desired atmospheres for guests during moments of conviviality, relaxation, well-being.

Our luminaires are the strategic element for the lighting of yachts: the shapes, the structures, the lighting features, all elements studied in detail.

With the main goal of generating and emphasizing beauty.

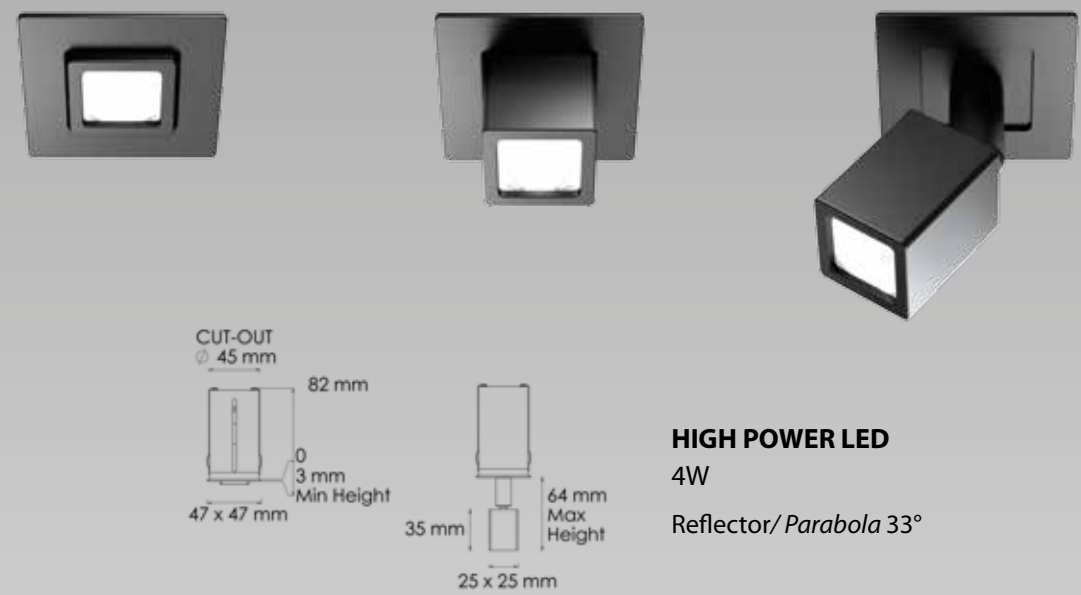

Durante la navigazione gli spazi a bordo diventano la dimora di chi vive l'esperienza in mare, dove trascorrere serenamente il proprio tempo.

L'illuminazione crea le atmosfere desiderate, che accompagnano gli ospiti durante i momenti di convivialità, relax, benessere.

Le nostre luci sono l'elemento strategico per l'illuminazione degli yacht: le forme, le strutture, le caratteristiche illuminotecniche, tutti elementi studiati nei minimi dettagli.

Con l'obiettivo unico di generare ed enfatizzare la bellezza.

COURTESY LIGHTS

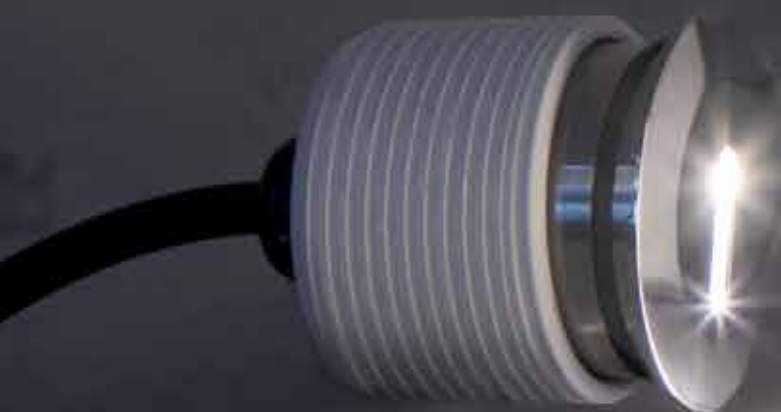

LUCI DI CORTESIA

Lighting the exterior and interior paths on a yacht is both a practical and a safety issue.

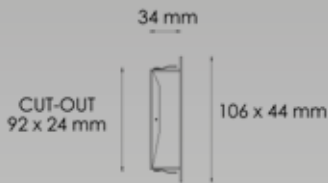

Providing light spot on specific spaces can improve yacht usability and liveability, keeping design issues as a must and enhancing the creation of nice atmospheres on board.

L'illuminazione dei percorsi interni ed esterni su uno yacht è un'esigenza sia pratica sia di sicurezza.

Avere dei punti luce su spazi specifici può migliorare l'usabilità e la vivibilità dello yacht, mantenendo le esigenze di design come primarie e contribuendo alla creazione di una piacevole atmosfera a bordo.

SWITCHES AND SOCKETS FOR EXTERIOR

*INTERRUTTORI E PRESE
DA ESTERNO*

Sockets and switches for exterior that combine a contemporary and innovative design with technical features allowing resistance to water and other corrosive elements, showing high IP indexes.

Wrought in a solid piece of marine grade stainless steel.

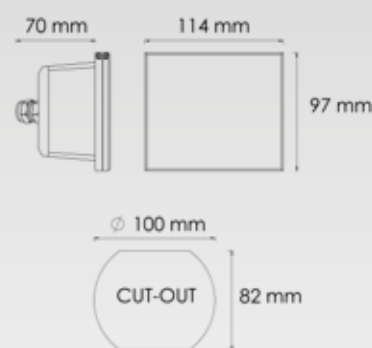

Our collection can be tailored to your needs, a wide array of control tools and socket housing versions is available.

Prese ed interruttori da esterno che uniscono un design contemporaneo e innovativo alle caratteristiche tecniche che consentono la resistenza all'acqua e agli altri elementi corrosivi, con alti indici IP.

Tutta la linea è prodotta da un pieno di acciaio INOX AISI 316L.

Gli articoli della nostra collezione possono essere realizzati e personalizzati.

SWITCHES AND SOCKETS PLATES FOR INTERIOR

*INTERRUTTORI E PRESE
DA INTERNO*

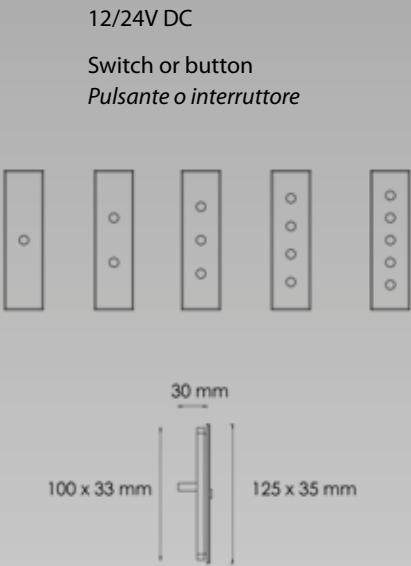

Customization of switches and plates for interior allows adaptability to any area features, thanks to the wide technical solutions and to range of finishes available.

In addition to the aesthetic aspects that vary from traditional shapes to minimalist designs, we have developed our concept for our new collection: back housing, frame and plate designed to avoid the need for a recessed surface, guaranteeing extreme versatility of use.

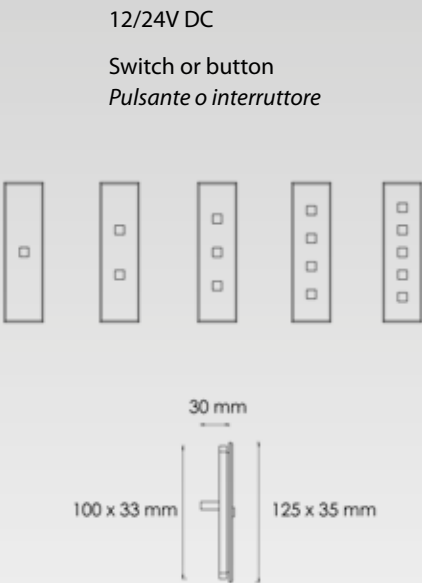

La personalizzazione di interruttori e placche per interno consente l'adattabilità agli ambienti più diversi, grazie alle varie soluzioni tecniche su misura e all'ampia gamma di finiture disponibili.

Oltre agli aspetti estetici che variano da forme tradizionali a design minimalisti, abbiamo sviluppato il nostro concept per la nuova collezione: scatola di fissaggio, telaio e placca sono studiati in modo da evitare il recesso sulla superficie, garantendo un'estrema versatilità di utilizzo.

TECHNICAL INFORMATION

All of the light fittings presented in this catalogue have been produced according to the Italian CEI 34-21 regulations unified to the European EN 60598-1 regulations, which in turn correspond to international IEC 598-1.

CLASSES OF INSULATION

- Classe I  Light fitting including earth connection
- Classe II  Double insulation light fitting
 without earth connection
- Classe III  Very low voltage light fitting
Light fitting can be used on flammable surfaces

DEGREE OF PROTECTION

The resistance offered by the fixture for the penetration of solids and liquids is indicated by the prefix IP (International Protection) followed by two numbers. The first one identifies the degree of protection against the penetration of solids; the second one specifies the degree of protection against the penetration of liquids.

FIRST NUMBER

- 2 Protected against penetration of solids larger than 12 mm of diameter
- 4 Protected against penetration of solids larger than 1 mm of diameter
- 5 Protected against penetration of dust
- 6 Completely protected against the penetration of dust

SECOND NUMBER

- 0 Not protected
- 4 Protected against splashes
- 5 Protected against jets of water
- 6 Protected against waves
- 7 Protected against the effects of immersion
- 8 Protected against the effects of prolonged immersion

N.B.

We use the code IP 55/65 to indicate the protection of the not recessed part of the item correctly mounted on the ceiling.

CE MARK

To be marked on electrical equipment (tension: from 50 Vac to 1000 Vac)

INFORMAZIONI TECNICHE

Gli apparecchi di illuminazione presenti in questo catalogo sono costruiti in conformità alle normative italiane CEI 34-21 armonizzate con le europee EN 60598-1 che, a loro volta, recepiscono le normative internazionali IEC 598-1.

CLASSI DI ISOLAMENTO

- Classe I  Apparecchio con messa a terra
- Classe II  Apparecchio con doppio isolamento
 senza messa a terra
- Classe III  Apparecchio a bassissima tensione
Apparecchio usabile su superfici infiammabili

GRADO DI PROTEZIONE

La resistenza offerta dall'apparecchio alla penetrazione di solidi e liquidi viene indicata dal prefisso IP (International Protection) seguita da due cifre significative, di cui la prima indica il grado di protezione contro l'ingresso di corpi solidi e la seconda dei liquidi.

PRIMA CIFRA

- 2 Protetto contro l'ingresso di corpi solidi superiori a 12 mm di diametro
- 4 Protetto contro l'ingresso di corpi solidi superiori a 1 mm di diametro
- 5 Protetto contro l'ingresso della polvere
- 6 Completamente protetto contro l'ingresso della polvere

SECONDA CIFRA

- 0 Nessuna protezione
- 4 Protetto contro gli spruzzi
- 5 Protetto contro i getti d'acqua
- 6 Protetto contro le ondate
- 7 Protetto contro gli effetti dell'immersione
- 8 Protetto contro gli effetti dell'immersione prolungata

N.B.

Indicando IP 55/65 indichiamo la protezione della parte non incassata e correttamente montata a soffitto.

MARCATURA CE

È obbligatoria solo sugli apparecchi elettrici con tensione compresa tra 50 Vac e 1000 Vac.

COLOURS

We make any lacquered colours on request.

FINISHES ON REQUEST:

- Shining or satin gold-plated brass
- Satin chromed brass
- Satin nickel
- Satin brass
- Satin stainless steel

SALES CONDITIONS

Orders are understood to be accepted in accordance with our delivery conditions: total or partial shipment. The delivery time is approximate. Neither reimbursement nor cancellation of orders are admitted in case of delays.

Goods delivery: ex-factory. Any risks of theft or damage occurred during the transport are at client charges even if the goods are delivered C&F.

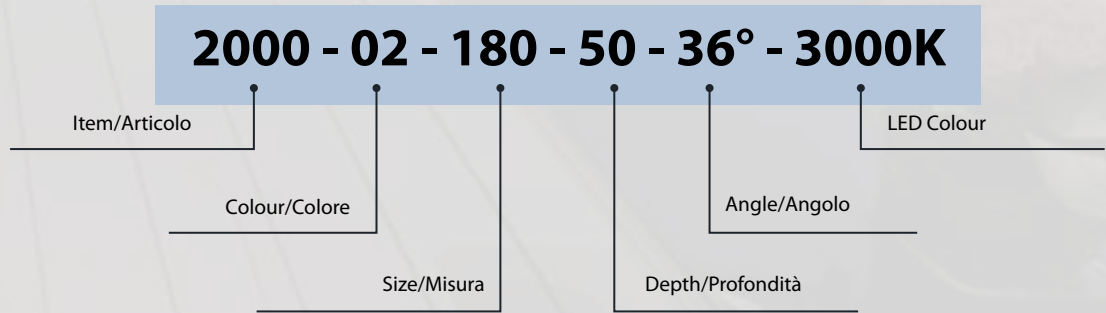

No complaints are admitted after 8 days from receipt of the goods. Returned goods will not be accepted by us without our written authorization. Payments have to be settled to our company unless differently agreed. Palagi Marine Lights s.r.l. will be the owner of the goods till the payment. For any legal problem/ enquiry: jurisdiction of Lucca. The above mentioned conditions are understood to be accepted upon receipt of the purchase order.

Dimensions, descriptions and technical specification of the items here illustrated are indicative. Palagi Marine Lights s.r.l. reserves the right to modify the items without previous notice.

HOW TO PLACE AN ORDER

When there are more choices specify: article, colour, size, depth of the spotlight. To select the type of LED indicate: angle of reflector or lens, colour temperature.

How to order our ceiling lights or spotlights:

Dimensions and descriptions of the items here illustrated are indicative. Palagi Marine Light, reserves the right to modify the items without previous notice.

COLORI

Realizziamo tutti i colori delle laccature su richiesta.

FINITURE SU RICHIESTA:

- Placcato oro lucido o satinato
- Ottone cromato satinato
- Nichel satinato
- Ottone satinato
- Acciaio inox satinato

CONDIZIONI DI VENDITA

Gli ordini si intendono accettati con la facoltà di spedizione anche parziale. I tempi di consegna sono indicativi, eventuali ritardi non danno diritto a richieste di risarcimento danni o all'annullamento dell'ordine.

La merce è venduta franco fabbrica, i rischi per furti o danneggiamenti che si verificassero durante il trasporto sono a carico del Committente anche se la merce è ceduta in porto franco.

Non si accettano reclami trascorsi 8 giorni dal ricevimento della merce. Ritorni di merce non sono accettati senza nostra autorizzazione scritta. I pagamenti devono effettuarsi presso la nostra sede per cassa, salvo accordi diversi. La merce rimane di proprietà della Palagi Marine Lights s.r.l. sino al suo pagamento. Per eventuali controversie legali il foro competente è quello di Lucca. Le condizioni suddette si intendono accettate all'atto dell'ordinazione.

Dimensioni, descrizioni e specifiche tecniche dei prodotti illustrati nel catalogo sono indicative. La Palagi Marine Lights s.r.l. si riserva il diritto di modificare gli articoli senza preavviso.

COME ORDINARE LA MERCE

Quando ci sono più alternative indicare: articolo, colore, misura, profondità del faretto. Nella scelta del LED indicare: angolo del riflettore o apertura della lente, temperatura colore.

Esempio per ordinare le plafoniere o i faretti:

Dimensioni e descrizioni dei prodotti illustrati nel catalogo sono indicative. La Palagi Marine Light si riserva il diritto di modificare gli articoli senza preavviso.
