

PICKING THE BEST

FLOODLIGHTS FOR EXTERIOR

L9414

L9007SS

Our experience in building exterior performing floodlights, able to face marine weather conditions and salt effects
Powerful lighting and versatility, available both in Aluminium and Stainless Steel

A SPECIAL FIXED DOWNLIGHT FOR EXTERIOR

L9413 - A compact luminaire, solid round frame. It is a recessed, fixed downlight for exterior, easy and fast bushing fixing. The recessed lens and inner, conic black baffle provides a low glare effect. A high COB quality light performance makes this luminaire particularly suitable for luxury areas.

SOCKETS FOR EXTERIOR

Stainless steel, IP 65, DAME nominated socket, a success through the years, customizable to client needs

A collection of IP65 stainless steel sockets, customizable as concerns shape, finishes, inner modules.
