HOEFNAGELS MARINE
YACHT ACCESS SOLUTIONS

CRAFTSMANSHIP IN YACHT ACCESS SOLUTIONS

For over 20 years Hoefnagels Marine has been known as a specialist in high quality sliding doors, hatches and windbreak systems for the super yacht industry. All of our products are tailor-made and exclusively designed and produced to seamlessly flow into the design of the yacht. Our products meet the highest quality standards and weather tight requirements in the industry. In terms of interior and exterior finishing, anything is possible. Our team of experts specializes in new build as well as refit projects and have a vast wealth of experience allowing them to guide you in the process of creating exclusive yacht access solutions.

SERVICE AND SUPPORT

Malfunctions have a negative influence on the yachting experience and even high quality products are sometimes in need of maintenance, guaranteeing safety and durability. We keep your doors, hatches and windbreak systems in optimum shape, thus increasing the reliability and lifespan and enabling you to carelessly enjoy yachting at all times. In case of a malfunction our team of experienced engineers can be flown in expeditiously to any desired location, thus minimising down time.

SLIDING DOORS

The possibilities of our sliding doors are endless: a curved or a straight door, sliding inside or out, matching glass in any desired colour or coating to match the design of your yacht, as well as different control options. Our sliding doors require minimal installation space and are of an unprecedented quality in the industry in terms of weather tight construction and luxurious finish. Our structurally glazed doors are modern, sleek, safe and reliable and an architectural masterpiece. The high gloss polished frame of our stainless steel sliding doors gives you the special feeling that comes with an exclusive yacht with visibility of the polished sections.

HATCHES

Hoefnagels Marine develops, produces and installs sliding hatches as well as rotating hatches in any desired shape, size and form. All of our hatches are fully bespoke and are available in stainless steel and structural glazing.

WINDBREAK SYSTEMS

A windbreak system allows you to enjoy the outdoors in all seasons. Offering protection from the wind whilst allowing you to still enjoy those spectacular views. Whether you are looking for a static, sliding or hinged windbreak system, Hoefnagels Marine offers a state of the art solution for your yacht.

YOU NAME IT - WE MAKE IT!

Although all of our products are made to measure, we are also used to dealing with extraordinary requests. Looking for a solution with a special shape, technic, design, colour? You name it - We make it!

Our experience allows us to create these specials according to your design and specifications, whilst adhering to our own unprecedented quality and craftsmanship.
