## devoted to the **ultimate entertainment** experience

### AV ON DEMAND

Fully integrated audio/video systems, streaming video and music on demand, full-speed Internet access and satellite TV/Radio on board; that's what yachts and superyachts owners can expect from Tijssen Elektro.

### CUSTOMIZED SYSTEMS

Tijssen Elektro supplies and installs exclusive audio/video systems, perfectly integrated with the latest must-haves in the field of marine entertainment. There is a wide range of high-end audio/video equipment available that enables Tijssen Elektro to customize a system exactly the way the owner wants.

### AV EXPERIENCE

For an all-round experience; lie back, relax and enjoy the ultimate AV adventure in every cabin of the yacht.

## Maritime Personal Assistant MPA®

### MPA

The MPA® alarm and monitoring system gives you access to on-board information about the yacht. A yacht shouldn't be without such a system, because it makes the life of captain and crew much easier. MPA makes it possible to closely monitor the yacht's performance, safety and control over almost all the electrical systems.

The following components can be monitored with the MPA system:

- Power Control
- Battery System
- Tank sounding system
- Pumps
- Circuit breakers
- Alarm system
- Generator control
- Hydraulic system
- Engine room fans
- Freshwater pressure
- Air pressure
- Navigation lights
- Fire system
- Deck lights
- Camera system
- Navigation page
- Doors and hatches

ENGINEERING

## always on the **right track**

### NAVIGATION & COMMUNICATION

With the navigation and communication equipment of Tijssen Elektro, we make sure that you are always on the right track. Tijssen Elektro is specialized in engineering, supplying, installing and commissioning complete packages of navigation, communication and radar equipment for yachts and superyachts. With a wide choice of products, Tijssen Elektro can meet all today's safety and reliability requirements. Together with the other disciplines, we are able to custom-build and supply fully integrated bridges.

As an authorized service dealer for all excellent A-class brands, Tijssen Elektro can provide a wide range of advanced products. We attempt to deliver a solution for every wish or question. Our goal is to exceed owners expectations.

### WE ARE ONLY ONE CALL AWAY...

The after sales department of Tijssen Elektro takes care of all questions and enhancements of our systems on board. Highly trained engineers travel all over the world to carry out service and maintenance jobs on board. In collaboration with our partners we provide worldwide assistance, anyplace, anywhere.

## intelligence **on board**

As a turn-key system integrator, Tijssen Elektro feels at home on board of luxurious yachts. Our knowledge of electrical engineering is of the highest international level. Experts who are involved in each phase of yacht building: from design and engineering, to installation and integration.

Our multidisciplinary provision of services extends from state-of-the-art audio/video and clever domotics, to complex ship installations and ingenious data networks. Each and every one being sustainable, demanding and efficient solutions, which are often concealed, but are always recognized by our clients: that is typical Tijssen.
