On or near water... **safety** is important!

LIFEBUOY CABINET

LifeBuoy Cabinets are becoming more and more popular as an effective way to protect LifeBuoys from Vandalism and the elements. This new robust Polyethylene Cabinet is tough, strong and easily mounts on poles, walls, rails and represents good value for money.

Suitable for storing both 30inch and 24inch round LifeBuoy rings. The Cabinet can be supplied with a removable cover. Offers better protection against vandalism, theft and the elements.

LifeBuoys (Solas*)

72cm (30") - LB30*

57cm (24") - LB24

Safety Throw Line – TL-BAG

30m 6mm orange braided floating line in bag

Encapsulated Floating Line Holder - Complete with line

A tough plastic UV resistant rope holder that fits neatly into internal diameter of the LifeBuoys. Makes it very easy to dispense the lifebuoy without the rope twisting and tangling.

Encapsulated Floating Line Holder inc 30m line for 30inch LifeBuoy - LH30

Encapsulated Floating Line Holder inc 24m line for 24inch LifeBuoy - LH24
