

LORENZINI SRL

Titanium Manufacturer

Lorenzini Srl was established in 1981 operating in the production of titanium tools and equipment for the **galvanic and anodic industry**.

The well-established expertise in titanium manufacturing and the creativity combined with the strong ability of interpretation, allowed Lorenzini Srl to become a worldwide known Company, thanks also to its highly qualified technical staff who can design and manufacture any titanium structures.

Quality and 360-degree support are the key words of Lorenzini Srl: on that basis the Company exceeds the usual boundaries of the use of titanium offering revolutionary objects and systems in terms of solutions for interior and exterior furniture, yachting, design, lighting, and equipment for the food industry.

The Company also offers surface finishing services such as polishing, electro polishing and vibro-finishing according to the customer's needs.

The entire staff remain at your disposal, sure to be able to satisfy all your needs and requirements.

Thank you in advance for your attention and best regards.
