

MESH BAG

A simple and smart product which all boat owners need and strangely enough has not been available in Swedish boat equipment shops for decades. Swedish waters are normally colder than the air temperature and therefore act as a cooling agent in a smart and energy-saving way. Just fill the bag with your favorite drink, tie a rope to the bag and lower it into the cool water when you have moored. The deeper the colder it gets. There is room for 3 bottles of wine, 3 PET bottles or 8 cans/bottles of soft drinks/beer. The bag also works excellently for scrubbing potatoes! Place the fresh potatoes in the bag, let the bag hang at the stern when the boat moves. The potato rotates and become scrubbed automatically. A must for your boat life this summer!

- Small and light to bring along
- Flexible and energy saving
- Room for 3 bottles of wine, 3 PET bottles or 8 cans/bottles of soft drinks/beer

PRODUCT INFORMATION

Material:	Polyester (with Velcro fastener)
Colour:	Black
Weight:	90 g
Size:	400 x 400 x 150 mm
Shipping weight:	100 g
Art nr:	1230
