# Secure docking for your boat, year after year.

---

DOCK FINGERS LIKE WE BOATERS WANT THEM.

*Regardless what kind of boating life you yearn for, we help you when it is time to dock your boat. In Oxelösund, a town in the Swedish archipelago, we have constructed dock fingers and mooring solutions for over ten years. Since the start, we have delivered over 20,000 dock fingers to the Swedish market, manufactured to fit different types of marinas and harbors.*

# Scandinavia's leading dock finger specialist!

---

**INNOVATION & QUALITY THAT MAKES THE DIFFERENCE.**

WE TRADE INTERNATIONAL AB is probably Sweden's foremost dock finger supplier with 100's of satisfied customers and 20,000+ dock fingers delivered. Our success builds on consistent work with innovative product development where the focus is on the highest quality and functionality. If you are interested in dock fingers, talk with us. We are the leading dock finger specialist in Scandinavia.

**WORLD CLASS SERVICE**

THANKS TO OUR HIGHLY QUALIFIED EMPLOYEES and a large inventory of dock fingers, we have short delivery times. All of our dock fingers have the highest quality steel, welds and galvanizing and can be adapted to your specific requirements, with respect to both appearance and pontoon fastening. In addition, there are multiple clever accessories that aim to make your boat life as smooth and safe as possible!

# Nordic

OUR NEWLY DEVELOPED *NORDIC DOCK FINGER* is specially adapted to match our tough Nordic conditions. They are manufactured of the highest quality steel (S355) and hot galvanized about 40% over the ISO1461 standard.

*NORDIC* is available in a large number of lengths to fit most boat types and can be adapted to your specific requirements, both regarding appearance and pontoon fastening.

---

## SPECIFICATIONS

---

Steel quality: S355J2H  
Weld quality: SS-EN ISO 5817  
Surface treatment: SS-EN ISO 1461 (FZV)  
Mounting materials: 8.8 – ISO 4014 (FZV)

Width at base: 160 cm

### NORDIC 4 METER

Steel profile: 100x60x3 mm  
Float: 1x150 liter rectangular  
Weight: 48 kg

### NORDIC 5 METER

Steel profile: 100x60x3 mm  
Float: 1x150 liter rectangular  
Weight: 55 kg

### NORDIC 6 METER

Steel profile: 100x60x3 mm  
Float: 1x150 liter rectangular  
Weight: 62 kg

### NORDIC 8 METER

Steel profile: 100x100x 4 mm  
Float: 1x150 liter rectangular  
Weight: 114 kg

### NORDIC 10 METER

Steel profile: 100x100x4 mm  
Float: 2x150 liter rectangular  
Weight: 138 kg

### NORDIC 12 METER

Steel profile: 100x100x4 mm  
Float: 2x150 liter rectangular 2x150  
Weight: 162 kg

## Fully welded Nordic

---

NORDIC IS AN AFFORDABLE DOCK FINGER, AVAILABLE EITHER WITH OR WITHOUT A WALKABLE PLATFORM in anti-slip composite or steel gratings. There are three different robust pontoon brackets to choose from for simple installation and deinstallation. The pontoon brackets are provided with silent self-lubricating bushings. Plastic covers to protect the boat from steel parts are included. Nordic dock fingers are 100% manufactured within the EU.

UNIQUE FIBERGLASS COMPOSITE. We believe that fiberglass composite is the future for dock fingers because the material is slip free in wet and dry, durable, free of maintenance and has a long lifetime.

➤ **WITH ANTI-SLIP COMPOSITE WALKABLE PLATFORM**

*Available in gray or brown color!*

➤ **MOORING RINGS AND EXTRA REINFORCEMENT**

➤ **WITHOUT WALKABLE PLATFORM**

➤ **WITH STEEL WALKABLE PLATFORM**

### UNIQUE FLOATS

THE NORDIC SERIES USES A UNIQUE 150 LITER FLOAT with a practical integrated mooring line holder. The floats are filled with expanded polystyrene and available in red, blue and black.

### ROBUST PONTOON BRACKETS

➤ **ANGLE BRACKETS**

➤ **T-BAR BRACKETS**

➤ **BEAM BRACKETS**

OUR WELDED PONTOON BRACKETS ARE MADE OF 6 MM THICK STEEL and will be delivered with silent self-lubricating bushings. The angle bracket and the beam bracket both have a smart dock finger holder that facilitates mounting of the dock finger to the pontoon.

# Pontos

## Walkable Pontos

PONTOS IS OUR ROBUST WALKABLE DOCK FINGER, that can be delivered in the lengths 6-, 8-, 10- and 12 meters. The 60 cm wide walking deck is available in wood (Siberian larch), steel gratings and anti-slip fiberglass composite.

The Pontos dock-fingers uses a unique 480 liters rectangular float with built-in rope holders. Pontos 10m and 12m are shipped with extra supporting 290 liter floats. The floats are filled with expanded polystyrene and are available in red, blue and black.

For fastening the Pontos dock finger to the pontoon we have extremely strong angle-brackets or beam-brackets available. Pontos is delivered with plastic covers to protect boats from the steel parts. All of this probably makes Pontos the most complete and flexible walkable dock finger on the market.

### SPECIFICATIONS

#### TECHNICAL SPECIFICATIONS

Walking deck width:	60 cm
Width at base:	240 cm

#### PONTOS 6 METER

Steel profile:	Double pipe 100 x 60 x 4 mm

Float:	1 x 480 liter rectangular 2 x 290 liter rectangular
Weight:	521 kg

▶ ANTI-SLIP COMPOSITE WALKING DECK

▶ STEEL GRATING WALKING DECK

▶ GROOVED SIBERIAN LARCH WALKING DECK

▶ 480 LITER FLOAT WITH A MOORING LINE HANGER

WE HAVE A LARGE SELECTION OF SPARE PARTS AND ACCESSORIES for dock fingers. To see all of our offerings, you are very welcome to contact us or to visit our home page.

#### **MOORING LINE HANGER "HANDSUP"**

Our mooring line hanger HandsUp is a good solution for comfortable and secure placement of mooring lines from higher boats. The holder is a three prong rubber fork on a 80 cm high fiberglass rod. It is delivered with a hot galvanized universal mounting bracket.

#### **MOORING LINE ROPE BIN**

Perfect for those who like to keep their mooring lines in order. Our mooring line holder is available as a single- or double sided bin, so both you and your neighbour can have their own rope holder. This way you can prevent mooring lines from getting wet in the water. The mooring line holder can be installed on dock fingers from all manufacturers.

#### **FLOAT 150 LITER**

Our unique 150 liter rectangular float has a built in mooring line holder. The floats are filled with expanded polystyrene and can be mounted on most dock fingers. The mooring line holder is a practical way of storing the mooring lines when the berth is not used. They are available in the colors red, blue and black.

#### **RESCUE LADDER**

Our rescue ladder for dock fingers is simple to install on the underside of the dock finger and is equipped with a folding rescue ladder (160 cm) with four double steps designed for optimal function and grip. A hand grip post (100 cm) with a mooring line holder is included. The entire construction is manufactured in hot galvanized steel for use in the most demanding conditions.
