630203 - Elite Firewire 3mm Long John

Fabric description: 3mm Neoprene

Sizes: S, M, L, XL, XXL

Colour: Black + Carbon

Description: The Elite Firewire offers unrivalled flexibility and stretch. The result is you use less energy trying to move in your suit leaving you more energy to concentrate on speed and precision.

Features:

- MaxDry delivers incredible insulation and wicking properties for maximum thermal comfort and protection
- Matrix 3D core made from tiny AirDome air pockets that increase warmth and flexibility and reduce weight
- Firewire hollow fibre thermal chest panel liner
- Glued and blind stitched sealed seam technology
- Apex ultrastretch limestone based neoprene
- Armotex butt protection
- Convenience zip

630204 - Elite Firewire 3mm Top

Fabric description: 3mm Neoprene

Sizes: S, M, L, XL, XXL

Colour: Black + Carbon

Description: The Elite Firewire offers unrivalled flexibility and stretch. The result is you use less energy trying to move in your top leaving you more energy to concentrate on speed and precision.

Features:

- MaxDry delivers incredible insulation and wicking properties for maximum thermal comfort and protection
- Matrix 3D core made from tiny AirDome air pockets that increase warmth and flexibility and reduce weight
- Firewire hollow fibre thermal liner
- Glued and blind stitched sealed seam technology
- Apex ultrastretch limestone based neoprene

630205 - Elite Firewire 1mm Long John

Fabric description: 1mm Neoprene

Sizes: S, M, L, XL, XXL

Colour: Light Grey

Description: For use in warm climates where temperature control is most important. The result is you use less energy regulating your temperature, giving you more focus on speed.

Features:

- Firewire hollow fibre thermal liner
- Apex ultrastretch limestone based neoprene
- Armotex butt protection
- Fastdry polyprop fleece liner
- Flatlock seams
- Max vent

630206 - Elite Firewire 1mm Top

Fabric description: 1mm Neoprene

Sizes: S, M, L, XL, XXL

Colour: Light Grey + Carbon

Description: For use in warm climates where temperature control is most important. The result is you use less energy regulating your temperature, giving you more focus on speed.

Features:

- Firewire hollow fibre thermal liner
- Apex ultrastretch limestone based neoprene
- Fastdry polyprop fleece liner
- Flatlock seams
- Max vent back

630207 - Womens Elite Firewire 3mm Long John

631122 - Elite 3D Curve Inc. Con Zip

Fabric description: 100% Nylon

Sizes: JNR-XL, S, M, L, XL

Colour: Black

Description: NeilPryde's Elite 3D curve drysuit is probably the most comfortable, high performance drysuit on the market today. The Elite 3D Curve represents a breakthrough in suit technology with revolutionary high zip and easy donning and doffing. The zip is pre-bent and curved around the waist which removes any restriction normally felt when using a drysuit, particularly when reaching forward, making the 3D Curve THE highest performance drysuit.

Features:

- Quad 4x4 stretch breathable fabric
- Body mapping pre-bent shape
- Glideskin neck and cuff seals with covers
- Self fabric 3D sock
- 3D curve metal dry zip with zipped protective cover
- Fleece lined roll down neck warmer

631110 - Raceline Drysuit

Fabric description: 100% Nylon

Sizes: XS, S, M, LM, L, XL, XXL

Colour: Graphite Grey

Description: The Raceline drysuit offers outstanding performance in a mid level suit. Featuring many of the technical advantages of the 3D Curve including quad ply material and super flexible YKK® Aquaseal zip. The Raceline Drysuit delivers unrivalled quality and performance as well as exceptional value.

Features:

- Quad 4x4 stretch breathable fabric
- Body mapping pre-bent shape
- Glideskin neck and cuff seals with covers
- Fabric 3D sock
- YKK® Aquaseal nylon dry zip with zipped protective cover
- Hook and loop adjustable cuff protectors

631110 - Raceline Drysuit Youth

Colour: Black

630471 - Mens Elite Hybrid Harness

Sizes: JNR, XS-S, M-L, XL-XXL

Description: Perfectly combines the flexibility and comfort of the Elite Seat Harness with the added support and ease of entry of a 'nappy' style harness. The Hybrid harness gives exceptional lumbar protection through a forward facing seat section, whilst a padded high back keeps the upper back and shoulders flexible and supported.

Features:

- Forward leaning seat section giving ergonomic support
- Fully adjustable shoulder and waist strap
- Fully supported padded upper back panel
- Easy entry "nappy" style waist adjustment
- Adjustable internal lumbar pad
- Stainless steel spreading bar

Colour: Black + Blue

630740 - Mens Elite Seat Harness

Sizes: JNR, XS-S, M-L, XL-XXL

Description: The Elite Seat harness draws on decades of NeilPryde design know-how and experience to deliver one of the most comfortable seat harness available. Clearly influenced by our windsurf heritage, the Elite provides exceptional lower back support via a forward leaning ergonomic support pad. The harder you push, the more support it gives.

Features:

- Forward leaning ergonomic support
- Fully adjustable shoulder and waist strap
- Adjustable internal lumbar pad
- Stainless steel spreading bar

Colour: Black + Blue

WUKSAPADZ - Mens Elite Hike Padz Shorts

Fabric description: Neoprene

Sizes: S, M, L, XL, XXL

Colour: Black

Description: The Hike Padz shorts combine an engineered hiking batten, pocketed inside a 1mm metabolite lined thermabase short, the Hike Padz are designed to be worn under any of our Elite or Raceline long johns, or virtually any other wet or drysuit. By utilising the batten within a short, it offers secure positioning as well as a comfortable, thermal base layer. Can also be worn externally in warm conditions.

Features:

- Apex ultrastretch 1mm neoprene
- Metalite interior thermal coating
- Integrated removable hike pad
- Ergonomic performance shaping
- Spec: 1mm neoprene

WUKSAYPAD - Youth Elite Hike Padz Shorts

Fabric description: Neoprene

Sizes: JNR-M, JNR-L, JNR-XL

WUKVC01106 - Elite High Hook Vest

Sizes: XS-S, M-L, XL-XXL, XXXL

Colour: Black

Description:

High cut CE approved buoyancy aid designed for sailors who demand minimum bulk and maximum freedom to move. Super soft, ergonomically cut foam ensures ultimate comfort and performance.

Features:

- Lowest profile buoyancy aid available
- Super soft buoyancy foam
- Reflective panels and piping
- Oversized side zipper with protective flap
- Wide adjustment range
- Mesh drainage panel
- Large stretch mesh pocket

630477 - Raceline Front Zip

Sizes: XS / S / M / L / XL

Colour: Black

Description: Front zip CE approved buoyancy aid which features super soft foam and a fully adjustable fit.

Features:

- Super soft buoyancy foam
- Reflective panels and piping
- Oversized front zip
- Wide adjustable range

630476 - Raceline Vest

Sizes: XS / S / M / L / XL

Colour: Black

Description: CE approved buoyancy aid featuring low cut & low profile design and fully adjustable fit.

Features:

- Super soft buoyancy foam
- Reflective panels and piping
- Wide adjustment range
- Mesh drainage panel
- Large stretch mesh pocket

630600 - Helmet Freeride

Sizes: XS, S, M, L

Description: A low-profile helmet for impact protection with an easy to use adjustable chin strap for a secure and comfortable fit. This helmet has an additional benefit of removeable ear protection.

Features:

- CE approved EN 1385
- Ultra light non-water absorbent construction
- Impact resistant ABS outer shell
- Impact absorption soft eva inner lining
- Air-vent system
- Adjustable chin straps
- Removable eva ear protector

Colour: Black / Light Blue

630540 - Raceline Glove Full Finger

Sizes: JS, JM, JL, XS, S, M, L, XL

Description: The Raceline full finger gloves provide the perfect balance of feature and function. Every detail that's necessary to maximise your performance and enjoyment is incorporated, to make the Raceline the popular choice for the committed sailor.

Features:

- Ultra grip durable palm protection
- Pre-curved finger
- Adjustable neoprene wrist seal

Colour: Black

630541 - Raceline Glove Half Finger

Sizes: JS, JM, JL, XS, S, M, L, XL

Description: The Raceline half finger gloves provide the perfect balance of feature and function. Every detail that's necessary to maximise your performance and enjoyment is incorporated, to make the Raceline the popular choice for the committed sailor.

Features:

- Ultra grip durable palm protection
- Pre-curved finger
- Adjustable neoprene wrist seal

Colour: Black

630543 - Half Finger Amara Glove

Sizes: XS, S, M, L, XL, XXL

Colour: Black + Blue

Description: Warm, well fitted and stretchy, our gloves provide additional protection for extreme conditions.

Features:

- Amara palm
- Ergonomic thumb gusset for improved fit
- Adjustable closure

630542 - Full Finger Amara Glove

Sizes: XS, S, M, L, XL, XXL

Colour: Black + Blue

Description: Warm, well fitted and stretchy, our gloves provide additional protection for extreme conditions.

Features:

- Amara palm
- Ergonomic thumb gusset for improved fit
- Adjustable closure

630544 - Regatta Glove Half Finger

Sizes: XS / S / M / L / XL

Colour: Black

Description: The Regatta half finger glove offers a durable and lightweight solution to protecting your hands whilst not restricting feeling and movement. Perfect for summer sailing.

Features:

- Amara palm
- Durable protection
- Pre-curved finger
- Adjustable neoprene wrist seal

630545 - Regatta Glove Full Finger

Sizes: XS / S / M / L / XL

Colour: Black

Description: The Regatta full finger glove is a durable and lightweight solution to protecting your hands whilst not restricting feeling and movement, with additional protection and improved warmth than the half finger version. Perfect in the transition between seasons.

Features:

- Amara palm
- Durable protection
- Pre-curved finger
- Adjustable neoprene wrist seal

630202 - Toasty Neoprene Sock

Fabric description: 1mm Neoprene

Sizes: XS / S / M / L / XL

Description: A 1mm double lined neoprene sock which offers increased warmth via its titanium metalite internal coating. Seams are carefully positioned to reduce abrasion.

Features:

- 1mm double lined neoprene
- Titanium metalite lining to retain heat

Colour: Black

631900 - Max Dry Cap

Sizes: ONE SIZE

Description: A lightweight and quick drying cap with clip and lanyard to make sure it doesn't blow away.

Colour: White / Blue / Black

Features:

- Adjustable hook and loop strap
- One size fits all

631910 - Max Dry Visor

Sizes: ONE SIZE

Description: A lightweight and quick drying visor with clip and lanyard to make sure it doesn't blow away.

Colour: White / Blue

Features:

- Adjustable hook and loop strap

NeilPryde Sailing Beanie

Fabric description: Neoprene

Sizes: S/M L/XL

Description: Wear the Neil Pryde neoprene beanie for ultimate warmth and comfort both when wet and dry.

Features:

- Apex-Flex Neoprene
- Tech Zag Lining
- Elastic attachment loop

630552 AQUA
630550 BLACK
630551 BLUE

GCN227432 - Equipment Bag

One size - 85L

Description: This equipment bag allows you to access all your kit quickly and easily with its extra large main opening. With 85 litres of volume it is large enough for all your essential kit and more.

Colour: Black

Features:

- Quick and easy access to bag contents through the extra large main opening
- Large internal capacity, fully lined with water resistant tarpae
- One easy access external pocket plus three internal pockets
- Internal volume - 85 litres

GCN227433 - Wheel Bag

One size - 115L

Description: The wheel bag is large enough for even the most indecisive packer, remaining easy to transport with its robust off-road wheels.

Colour: Black

Features:

- Quick and easy access to bag contents through the extra large main opening
- Large internal capacity, fully lined with water resistant tarpae
- One easy access external pocket plus three internal pockets
- Off-road robust wheels
- Volume - 115 Litres

GCN126914 - Laser Top Cover

Fabric description: Ripstop with PU Coating 280GSM

Sizes: ONE SIZE

Colour: Dark Grey

Description: Durable and weather resistant Laser top cover protecting your decks from the elements, whether in the boat park or on the trailer traveling between events.

Features:

- 600D PU coated - 100% breathable fabric
- Padded protection for critical wear areas
- Elasticated draw-string with multiple webbing straps

GCN126914-002 - Laser Top Cover

Fabric description: Ripstop with PU Coating 280GSM

Sizes: ONE SIZE

Colour: Light Grey

Description: Durable and weather resistant Laser top cover protecting your decks from the elements, whether in the boat park or on the trailer traveling between events.

Features:

- 600D PU coated - 100% breathable fabric
- Padded protection for critical wear areas
- Elasticated draw-string with multiple webbing straps

GCN126915 - Laser Bottom Cover

Fabric description: Ripstop with PU coating 280GSM

Sizes: ONE SIZE

Colour: Grey / Graphite
Also available in Light Grey - GCN126915-002

Description: Durable and weather resistant Laser bottom cover protecting the hull when on the trailer traveling between events. It can also be used as added protection when storing in the club or at home.

Features:

- 600D PU coated - 100% breathable fabric
- Reinforced 'bump pad' - padded bow, stern and gunwhale sections
- Elasticated draw-string with multiple webbing straps

GCN126916 - Laser Mast Bag

Fabric description: Ripstop with PU coating 280GSM

Sizes: ONE SIZE

Colour: Graphite

Description: Fully padded, tarp lined protection for your top/bottom section and boom. Bag rolls up and is secure with webbing strap. Can be used for trailing or car topping and ensures your spars are clean and damage free.

Features:

- 600D PU coated - 100% breathable fabric
- 3 tubed section, fully reinforced padded protection for all your spars
- Multiple webbing straps
- Convenient carry handle

GCN126917 - Laser Combi Bag
