Meet the charming world of chrome.

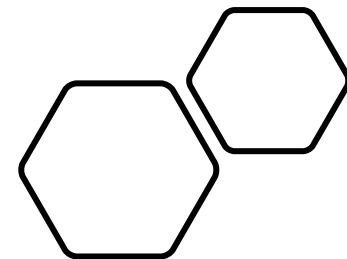

Best of the best!

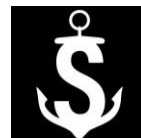

Dream, desire and let
us carry out.

The art of stainless steel

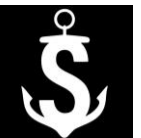

Our products have first
class surface quality.

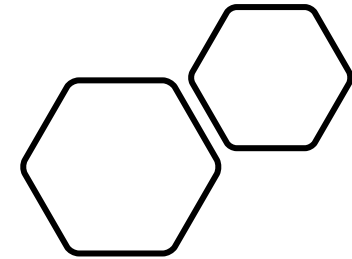

22 Years of Experience

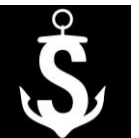

SM Yachts offers special stainless steel solutions to the yacht industry through its experience over 22 years.

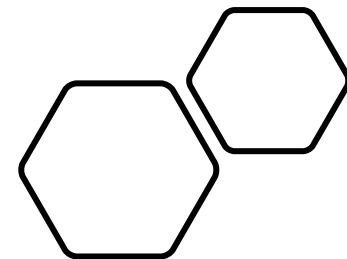

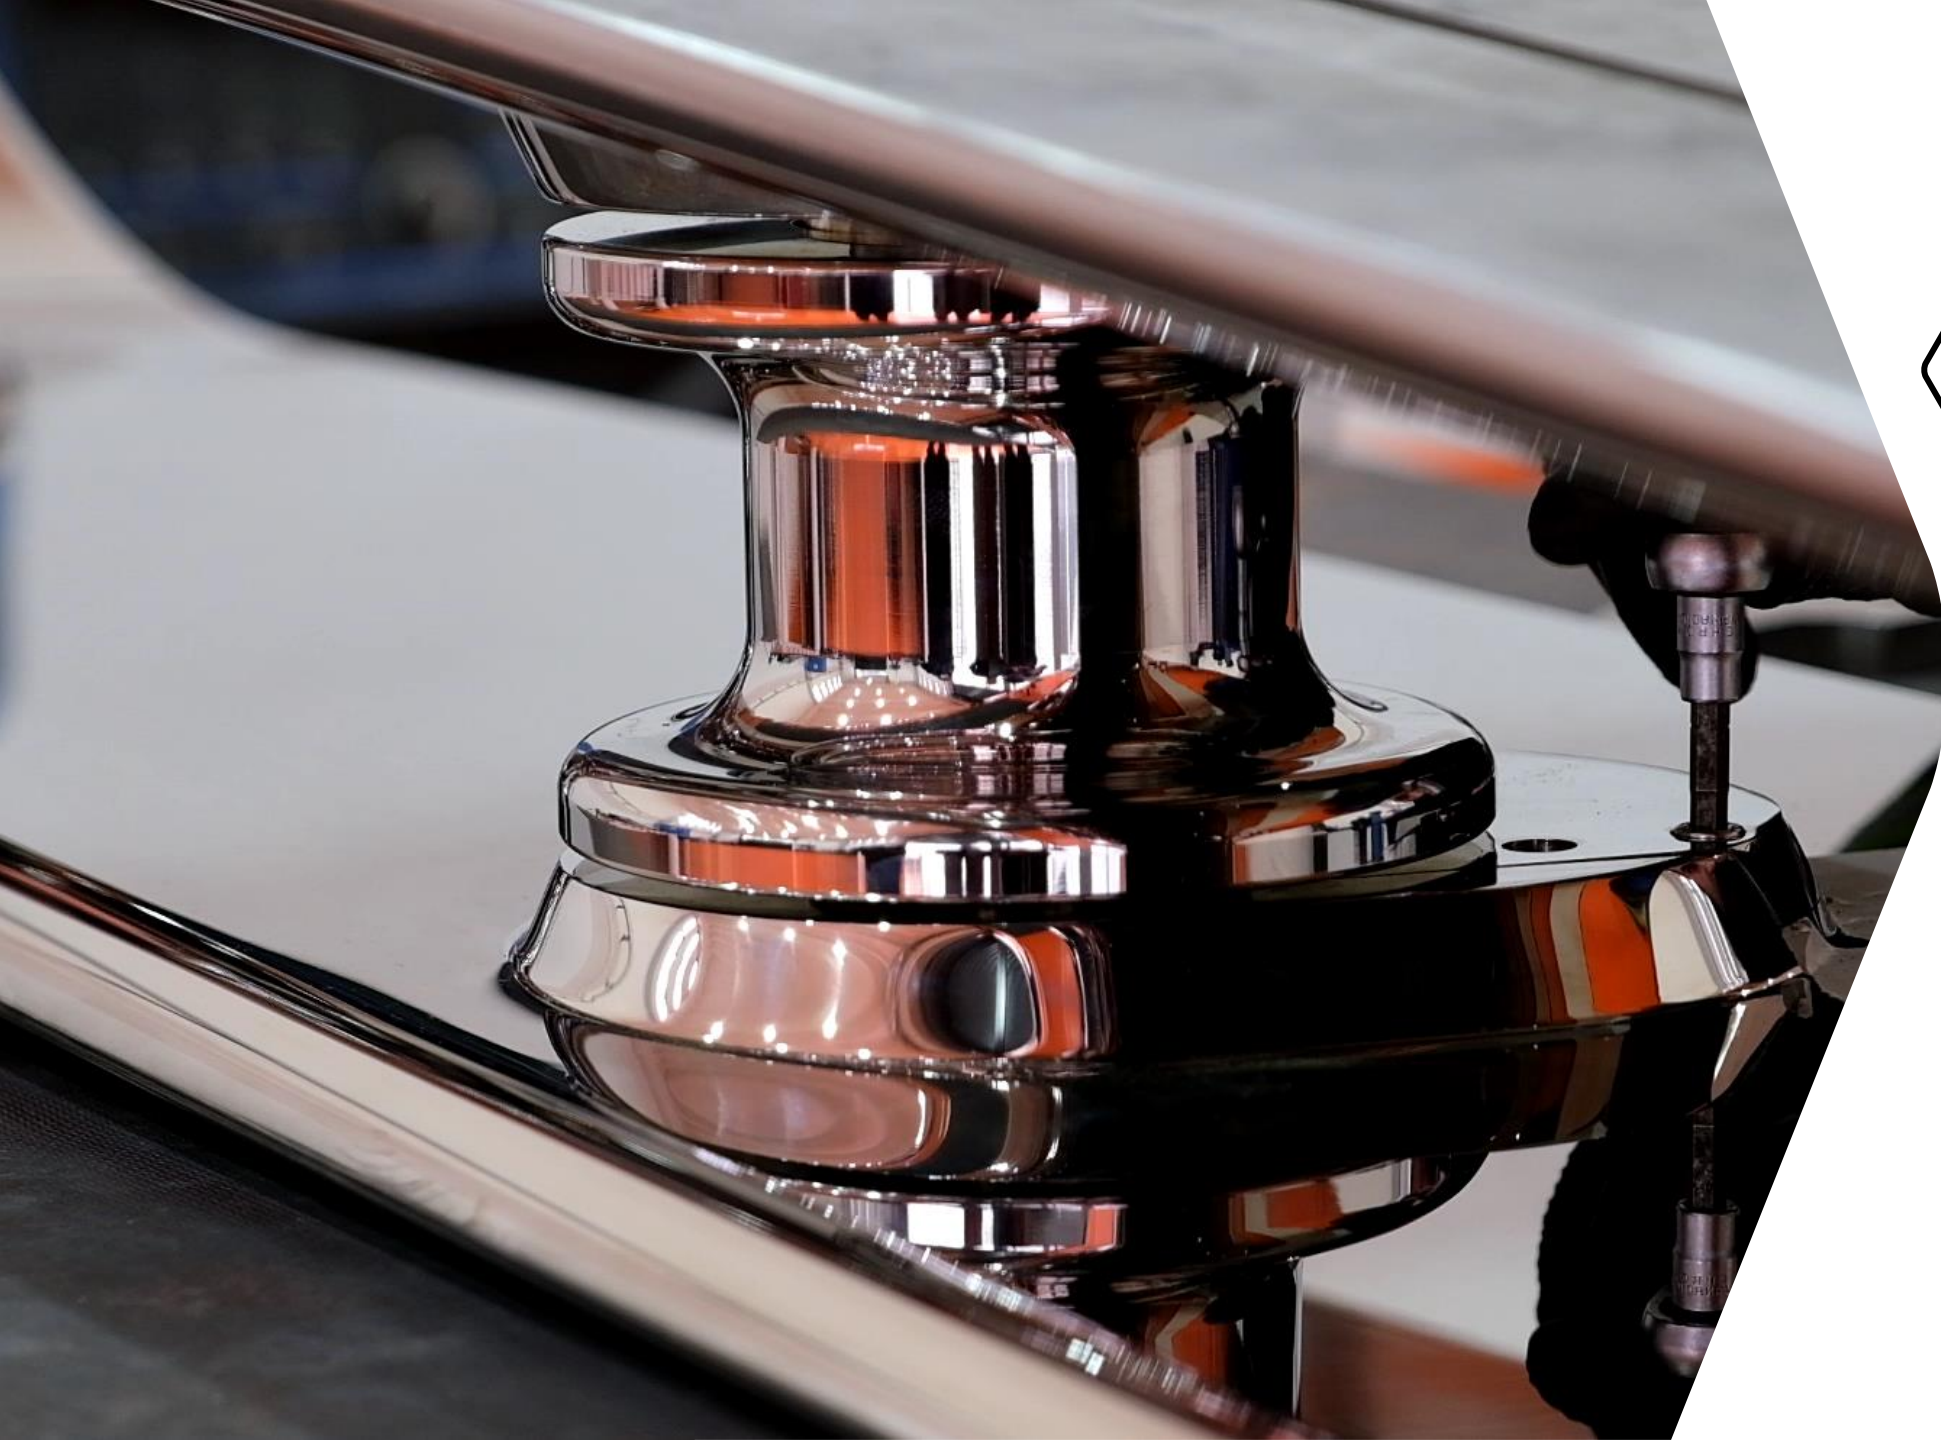

Brain storming

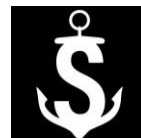

With the new developing technology, we reduce the humanpower, bring the design to the forefront, model the production, and provide solutions at the project stage by predicting the problems that may arise during production.

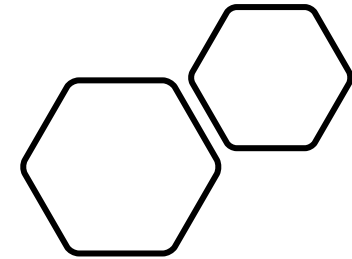

Leave it to us!

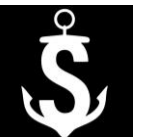

Strength and trouble-free assembly guarantee.

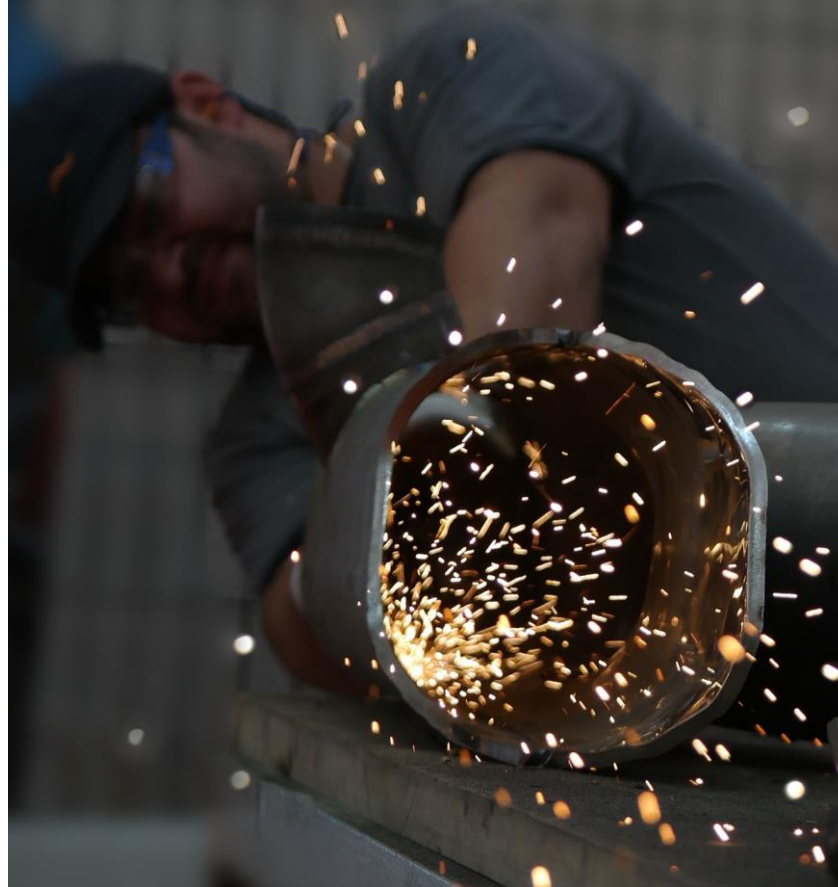

Innovative production methods

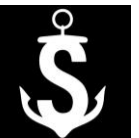

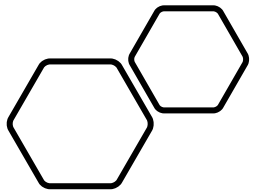

We always keep customer satisfaction at the highest level by offering fast production, durability and aesthetics together with innovative production methods that combine innovative engineering and world class craftsmanship.

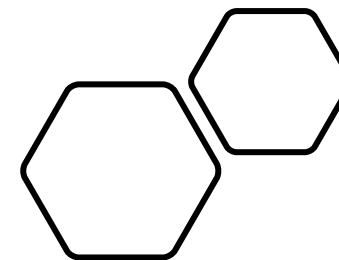

*Don't decrease
the goal, increase
the effort.*

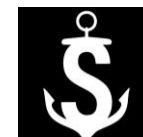

We know that passion is mother of effort, and
without it nothing great was ever achieved.

*Work with the
best,*

Do the best!
