

# FRIGOMAR

MARINE REFRIGERATION & AIR CONDITIONING SYSTEMS

Designed and  
Manufactured  
in Italy

NEW GENERATION

## INVERTER BLDC HIGH PERFORMANCE SELF-CONTAINED UNIT

### ADVANTAGE OF USE

- Very compact design and low weight
- 50% higher energy efficiency compared to ON/OFF
- Highest comfort: silent operation and stable temperature
- Lowest consumption: 150-200 W max input power in ECO mode
- Elimination of peak current at start-up (only 2 A max)

### EASY INSTALLATION

The compact overall dimensions and low weight allow the installation onboard all types of boat

### ACCESSORIES

WI-FI MODULE WITH CONTROL APP

UVA/C LED AIR STERILIZER KIT
