# SPOT TRACE

**SPOT Trace** offers advanced tracking for anything. Instantly receive a text or email when your most valuable assets move, or follow them on SPOT's cloud-based mapping in near real-time from your smartphone, computer or tablet. Because **SPOT Trace** uses 100% satellite technology, it can communicate anytime from some of the most remote locations around the world.

## WHY SPOT TRACE?

*You earned it.*  
**LET SPOT TRACE PROTECT IT.**

- Receive text/email messages when movement is detected
- Monitor assets in near real-time using SPOT Maps
- Satellite technology tracks beyond the reach of traditional cellular coverage
- Select from 2½, 5, 10, 30, or 60 minute tracking intervals depending on service plan
- Compact & easy to install

## DEVICE FEATURES

### TRACKING

View your asset's GPS coordinates online in near real-time.

### MOVEMENT ALERTS

Receive a notification when SPOT Trace's vibration sensor detects asset movement.

### DOCK MODE

Configure SPOT Trace to track an asset that is primarily stored on the water.

Actual Size

### POWER OFF MESSAGE

Receive a notification if SPOT Trace is powered off.

### LOW BATTERY MESSAGE

Receive a notification when SPOT Trace's batteries are low.

### STATUS MESSAGE

Receive a daily alert to let you know your asset is secure.

## ADVANCED TRACKING FOR ANYTHING.

**SPOT TRACE** has you covered when it comes to monitoring your most valuable assets.

## SPOT SERVICES

### BASIC SERVICE PLAN

An active service plan is required for all SPOT products. SPOT Trace automatically sends an alert with your asset's GPS coordinates when movement is detected. View the asset's GPS coordinates anytime online. Basic Service allows you to customize your SPOT Trace to track every 5, 10, 30, or 60 minutes. Customize your device's dock mode, movement alert, status, low battery and power off settings.
