

NEW HH HV ® FULLY BALANCED PLATE

Posidonia and the #anchor with a base plate

NEW SHHP PTW + ® PLATE, NEW HHP HV FULLY BALANCED PLATE, NEW HHP PTW® PLATE ARE ANCHORS THAT WE DESIGN, MANUFACTURE AND TEST IN OUR PREMISES.

THE ANCHORS WITH PLATE ARE TOTALLY MADE BY US IN ITALY BY QUALIFIED WORKERS

The anchor with a base plate allows the possibility of a retractable mooring area on board for total comfort during navigation. The base plate can be made from different material to the anchor, hot dip galvanized anchor with mirror polished duplex stainless steel base plate, combining the shiny finish of duplex with the strength of a galvanized anchor.
