Our Products

High Performance Yacht Equipment

Steelhead Marine's elegantly designed, high-tech cranes are renowned across the yachting industry, but their ambitions stretch even higher. Through persistence, innovation, and hard work they are aiming to become the leader in advancing hydraulic solutions for the yachting world.

With strong leadership and a dynamic workforce, Steelhead is working to take their innovative products to the next level of sophistication. A diligent sales, engineering, design and build process combined with a close working relationship with their clients ensures Steelhead products will be at the forefront of innovation in the global yacht market.

Benefits of Steelhead Marine

Engineered for Performance

- Greater lift capacity with less crane weight
- Superior engineering and advanced materials
- Durability, strength and reliability
- Compact and attractive design that puts less space and weight demands on your yacht
- Easy to use

Yacht Cranes

Compact design uses less deck space

Whisper quiet linear winches use composite rope which is quieter and stronger than steel cable

Cranes are proof tested to minimum 110% capacity

all cranes above 1500 lbs (680 kg) come with wired and wireless proportional controls

Our Warranty

2 year industry leading warranty
with an optional 3rd year limited warranty
with approved commissioning by certified AdvanTec technician

High Performance Yacht Cranes

Whisper Davits

Whisper-quiet, low lift requirements, compact, sleek, and dual function davits.

E Series

Lightweight aluminum crane with standard two function (luffing & lifting) operation, lifting capacity 1000 to 1750 pounds. Optional upgrades for wireless controller with three or a full four function operation.

ES Series

Lightweight, super efficient, low profile European design with four-function hydraulics.

CT Series

Heavy duty four function hydraulic cranes with live telescoping boom extension and proportional controls.

LDC Series

Lay-down five function hydraulic cranes with live telescoping boom extension and second luffing function. This series is completely custom built to meet individual needs.

Steelhead Marine cranes are found on the finest yachts and superyachts around the world.
