

GOLD COAST

A SUPERYACHT HUB SERVICING THE ASIA-PACIFIC

The Gold Coast is home to one of the most advanced and highly respected marine industry clusters in the Southern Hemisphere. Centred at the Gold Coast International Marine Precinct, the industry specialises in recreational boat building and superyacht maintenance, refit and servicing of yachts of all shapes and sizes.

There is no shortage of anything here. You have all the major companies that you need, and the Gold Coast has so much to offer the crew.

CAPTAIN GRAHAM CHILCOTT

Why Australia's Gold Coast?

Facilities

- Advanced marine services centred at the Gold Coast International Marine Precinct.
- Some of the largest maintenance, refit and repair facilities in the Southern Hemisphere.

Support

- Ease of entry for international vessels via the Gold Coast port of entry.
- Continual investment to support increased demand.

Location

- Located along the east coast of Australia, between Sydney and Great Barrier Reef.
- Australia's tourism capital, ready to be explored.
- Five-star luxury resort facilities and amenities.
